STANDARD NURSERY STOCK GUARANTEE

We will resupply once, at half the original price, any tree, shrub, vine or evergreen (no other plants guaranteed) that fails to survive the first growing season, provided the plants have received proper care and that payment of the bill has been made when due.

Perennials and roses failing to come through the winter will not be replaced.

All plant failures must be reported IN WRITING by September 1.

Labor for planting of all replacements is charged for on the same basis as new planting.

—— : ——

TERMS AND CONDITIONS

All nursery stock is sold cash with order or C.O.D. We reserve the right to increase list price on special selections in the field.

The prices in this catalog apply to spring 1963, cancel all previously published prices, and are subject to change without notice.

Any stock selected in our fields for future delivery requires a 20% deposit which is not refundable.

All orders are subject to 4% sales tax.

Place your orders early.

Time payment plan available for landscape work.

—— : ——

DELIVERY CONDITIONS

Under normal conditions, we give free delivery on all orders over $25.00 within a radius of 45 miles of Henry. A delivery charge of $1.00 will be made on all orders under $25.00 outside the city limits of Henry. To save bookkeeping, all small orders for delivery must be paid in advance.

Our trucks will make spot deliveries anywhere at cost.

The majority of nursery stock can be hauled in an ordinary passenger car.

We reserve the right to make an additional charge on express and Parcel Post shipments to cover cost of special packing.

EVERGREENS

We offer the most complete line of evergreens that can be seen in the Midwest.

Evergreens are invaluable for beautifying grounds. They are used for specimens on the lawn and also extensively for massing, shelterbelts, screens, and hedges.

For planting around the house as a foundation planting, they give a color and warmth that cannot be obtained with any other tree. Only an inspection of our stock can give an adequate idea of the variety of color effect they present.

A good many fail with evergreens on account of improper treatment. EVERGREENS MUST BE HANDLED FRESH. FREQUENT WATERING AND CULTIVATION during the first year will guarantee success.

All Evergreens Are Balled and Burlaped

ARBOR VITAE

AMERICAN ARBOR VITAE—One of the most valuable of the native evergreens. It thrives in a moist situation. Fine for windbreaks, and for ornamental hedges, as it shears well and makes a very dense hedge. Called the post cedar in Wisconsin. Our stock is propagated from select strains.

	Each
2 to 3 feet	$3.75
3 to 4 feet	4.75
4 to 5 feet	6.50
5 to 6 feet	7.75

GLOBE ARBOR VITAE—This dwarf variety of very dense, compact growth maintains a natural globe shape without trimming. Grows very dense and round; is admirably adapted for foundation planting.

	Each
15 to 18 inches	$4.00
18 to 24 inches	5.00

PYRAMIDAL ARBOR VITAE — A dwarf variety of compact growth and very narrow upright habit, and of a deep, green color. Makes a straight, narrow column. Hardy everywhere except in dense shade and splendid for formal plantings.

	Each
30 to 36 inches	$4.50
3 to 3½ feet	5.50
3½ to 4 feet	6.50
4 to 5 feet	7.50
5 to 6 feet	9.50

SIBERIAN ARBOR VITAE—A very hardy Oriental strain which has a dense, compact habit and holds a good winter color. Can be trimmed to a globe shape. The flattened leaf clusters face outward edgewise.

	Each
2 to 3 feet	$4.25
3 to 4 feet	5.50
4 to 5 feet	7.50

JUNIPERS

JUNIPERUS CHINENSIS PFITZERIANA (Pfitzer Juniper)—Low, irregular, spreading, vase-shaped of bush-like form, with dense, gray-green foliage of soft, feathery appearance. Extremely hardy, and will grow anywhere. Very valuable for foundation and group plantings. Each

4-year-old, from 1-gal. can	$ 2.00
15 to 18 inches	3.50
18 to 24 inches	4.75
24 to 30 inches	6.25
30 to 36 inches	9.00
3 to 3½ ft.	11.00

JUNIPERUS CHINENSIS PFITZERIANA NANA (Dwarf Pfitzer)—This plant differs from the regular Pfitzer in that it is much slower growing, the foliage is finer in texture, and has a light green color. Can be used in more confined places than the regular Pfitzer. Each

15 to 18 inches	$5.00

JUNIPERUS CHINENSIS PFITZERIANA, KALLAY'S COMPACTA—This was developed by an Ohio nursery and is characterized by its dense habit. Foliage is the same color as the regular Pfitzer but somewhat finer in texture. Each

12 to 15 inches	$3.50
15 to 18 inches	5.00

JUNIPERUS CHINENSIS PFITZERIANA, HILL'S GOLDEN—This Pfitzer is identical in habit to the regular Pfitzer except that the tips of the branches are gold in color. Each

15 to 18 inches	$4.00
18 to 24 inches	5.00
24 to 30 inches	7.50

JUNIPERUS CHINENSIS PFITZERIANA GLAUCA (Silver Pfitzer)—Identical in habit to the regular Pfitzer, but it has a true blue color which makes an excellent contrast with other low types. Each

15 to 18 inches	$4.00
18 to 24 inches	5.00
24 to 30 inches	7.50

JUNIPERUS HORIZONTALIS PLUMOSA (Andora Juniper)—A low-growing, spreading, dwarf evergreen that is excellent for terrace and rock garden plantings. Color of foliage is blue-green in summer and orchid in winter. Each

4-year-old, from 1-gal. cans	$ 2.00
15 to 18 inches	4.00
18 to 24 inches	5.00
24 to 30 inches	7.50
30 to 36 inches	10.00

JUNIPERUS EXCELSA STRICTA (Spiny Greek Juniper)—A native of Greece; forms a tall, dense, narrow, conical shape, tapering gradually from the ground to a sharp terminal point; fine glaucous color with very close-growing needles.

	Each
15 to 18 inches	$3.00
18 to 24 inches	4.00
24 to 30 inches	5.00
30 to 36 inches	6.50

JUNIPERUS HETZI—A new semi-upright spreading evergreen introduced by a Pennsylvania nursery, which has proven very hardy and is a very strong grower. Foliage is a fresh blue-green color. Develops with a higher spread than the regular Pfitzer type.

	Each
15 to 18 inches	$ 3.75
18 to 24 inches	5.00
24 to 30 inches	7.00
30 to 36 inches	9.50

JUNIPERUS SABINA (Savin Juniper)—A low, much-branched, spreading shrub 2 to 3 feet in height; its branches well supplied with short, straight, tufted branchlets, which are well covered with dark green foliage.

	Each
15 to 18 inches	$3.75
18 to 24 inches	5.00
24 to 30 inches	6.50

JUNIPERUS SABINA TAMARISFOLIA (Tamarisk Juniper)—A low form of the Junipers, spreading habit, and is noted for its excellent green winter color. Very hardy and popular wherever grown.

	Each
12 to 15 inches	$3.25
15 to 18 inches	4.00

JUNIPERUS SQUAMATA (Procumbens or Sargent's Juniper)—One of the best prostrate evergreens. Never grows over 12 inches in height, spreads slowly, and has a rich blue-green color during all seasons.

	Each
15 to 18 inches	$4.00
18 to 24 inches	5.50
24 to 30 inches	7.50

JUNIPERUS VON EHRON—A semi-upright evergreen with light green foliage. Ideal for hiding high foundations as it grows to a spread and height of six to eight feet. Very vigorous and hardy.

18 to 24 inches	$ 5.00
24 to 30 inches	7.00
30 to 36 inches	10.00

GRAFTED JUNIPERS

JUNIPERUS VIRG. KETELEERI (Keteleer's Cedar)—Has a compact, formal outline, making a thick, dark green pyramid. The branchlets, disposed regularly along the branches, are more fleshy than in most Junipers. Has large berries in fall.

	Each
24 to 30 inches	$ 5.00
30 to 36 inches	6.50
3 to 3½ feet	8.50
3½ to 4 feet	10.00
4 to 4½ feet	12.50
4½ to 5 feet	14.50
5 to 5½ feet	18.50
5½ to 6 feet	22.50
6 to 6½ feet	27.50

JUNIPERUS CHINENSIS COLUMNARIS GLAUCA (Blue Column Chinese Juniper)—Very popular upright Juniper because of its bright, rich blue-green color the year around. Does not discolor in winter and will stand adverse conditions where other varieties fail.

	Each
24 to 30 inches	$ 5.00
30 to 36 inches	6.50
3 to 3½ feet	8.50
3½ to 4 feet	10.00
4 to 4½ feet	12.50
4½ to 5 feet	14.50
5 to 5½ feet	18.50
5½ to 6 feet	22.50
6 to 6½ feet	27.50

JUNIPERUS VIRG. CANNARTI (Cannart Juniper)—The most popular of the cedars, having a rich green foliage keeping a fine green winter color. It makes a pyramidal specimen of medium growth. Most trees bear blue berries in the fall.

	Each
30 to 36 inches	6.50
3 to 3½ feet	8.50
3½ to 4 feet	10.00

JUNIPERUS VIRG. BURKI (Burk's Cedar)—A very popular Juniper with attractive blue-green foliage. Can be trimmed to a broad, upright formal tree which holds its color the entire year. Vigorous grower.

	Each
24 to 30 inches	$ 5.00
30 to 36 inches	6.50
3 to 3½ feet	8.50
3½ to 4 feet	10.00
4 to 4½ feet	12.50
4½ to 5 feet	14.50
5 to 5½ feet	18.50
5½ to 6 feet	22.50
6 to 6½ feet	27.50

JUNIPERUS VIRG. PYRAFORMIDIA (Hill's Dundee Juniper)—One of the most interesting of the new evergreens. Foliage is a bluish-green in spring and summer, changing to plum-like color in the fall and winter. Grows dense and formal without much shearing.

	Each
24 to 30 inches	$ 5.00
30 to 36 inches	6.50
3 to 3½ feet	8.50
3½ to 4 feet	10.00
4 to 4½ feet	12.50
4½ to 5 feet	14.50
5 to 5½ feet	18.50
5½ to 6 feet	22.50
6 to 6½ feet	27.50

FIR

DOUGLAS FIR (Oregon Fir)—One of the most useful and beautiful evergreens for landscape work on account of both its regular pyramidal growth, and its fine-textured dense foliage. Used as specimen or for screening and windbreaks.

	Each
18 to 24 inches	$3.25
2 to 3 feet	5.00
3 to 4 feet	7.50
4 to 5 feet	12.50

HEMLOCK

TUSGA CANADENSIS—The American Hemlock is considered one of the handsomest native evergreen trees in Eastern North America. They demand plenty of room to develop their characteristic beauty. Young trees will endure a great deal of shade.

	Each
18 to 24 inches	$ 3.75
2 to 3 feet	5.50
3 to 4 feet	9.75
4 to 5 feet	15.00

PINES

AUSTRIAN PINE—Very hardy growing, with massive needles 6 to 10 inches long of deep green color on the surface and bluish-white underneath. Habit of growth tall and well-rounded. One of our outstanding specimen trees.

	Each
2 to 3 feet	$ 6.00
3 to 4 feet	9.00
4 to 4½ feet	13.50
4½ to 5 feet	17.50
5 to 5½ feet	22.50
5½ to 6 feet	27.50
6 to 6½ feet	32.50
6½ to 7 feet	37.50

MUGHO PINE—A dense, low, round, shrub-like Pine of dark green foliage extremely slow growth. Fine for planting in front of other trees

	Each
12 to 15 inches	$3.75
15 to 18 inches	5.00

SCOTCH PINE—Large, cone-bearing evergreen tree with irregular crown, spreading branches, and blue-green foliage. Bark reddish-brown, on older trunks becoming grayish and fissured into scaly plates. Resistant to city smoke. Each

2 to 3 feet	$ 6.00
3 to 4 feet	9.00
4 to 4½ feet	13.50
4½ to 5 feet	17.50
5 to 5½ feet	22.50
5½ to 6 feet	27.50
6 to 6½ feet	32.50
6½ to 7 feet	37.50

WHITE PINE—Hardy ornamental Pine of very rapid growth. Needles soft bluish-green, long and slender. Easily moved by the slightest breeze, so that a constant sighing and moaning is kept up which has long been the theme of the poets. Each

2 to 3 feet	$ 6.00
3 to 4 feet	9.00
4 to 4½ feet	13.50
4½ to 5 feet	17.50
5 to 5½ feet	22.50
5½ to 6 feet	27.50
6 to 6½ feet	32.50
6½ to 7 feet	37.50

SPRUCE

COLORADO SPRUCE (The seedling form of the Blue Spruce)—A great majority are of greenish cast with a slightly bluish tendency. The blue color is more pronounced during the late spring and summer months.

18 to 24 inches	$ 6.50
24 to 30 inches	10.00
30 to 36 inches	15.00

Large Sizes—**$6.00 per foot**

COLORADO BLUE SPRUCE—The select of the Colorado Spruce called "Shiners," sell at 65c per inch.

KOSTER GRAFTED BLUE SPRUCE—The King of all evergreens. Available in sizes 18 to 36 inches at $1.50 per inch.

NORWAY SPRUCE—Large, fast-growing tree of Northern Europe, very symmetrical and of pyramidal habit, dark green foliage, often with drooping branches. Its extreme hardiness and adaptability to all situations make it a most valuable tree when planted for shelter and screen, as well as a single lawn specimen. Fine for windbreaks. Each

18 to 24 inches	$ 2.75
2 to 3 feet	4.75
3 to 3½ feet	7.00
3½ to 4 feet	9.75
4 to 4½ feet	13.50
4½ to 5 feet	17.50
5 to 5½ feet	22.50
5½ to 6 feet	27.50
6 to 6½ feet	32.50
6½ to 7 feet	37.50

SERBIAN SPRUCE (Picea Omorika)—One of the new Spruce types that is outstanding because of its unusual brilliant blue-green color which changes at various seasons of the year. Very formal in habit and excellent for foundation or specimen planting. Each

24 to 30 inches	$5.75
30 to 36 inches	7.50

YEW (*Taxus*)

TAXUS BROWNI (Brown's Yew)—This variety is very popular because of its dense habit and rich green color. It differs from the regular Spreading Yew in that it is more globular in shape. Responds readily to trimming and makes an excellent low hedge. Each

12 to 15 inches	$ 5.00
15 to 18 inches	7.00
18 to 24 inches	11.00

TAXUS CUSPIDATA (Spreading Yew)—Similar to the upright type, except its spreading habit, growing slightly higher than the spreading Junipers. Like all Yews, grows in shady locations. Each

15 to 18 inches	$ 5.75
18 to 24 inches	9.00
24 to 30 inches	14.50
30 to 36 inches	17.50

TAXUS CUSPIDATA NANA (Dwarf Yew)—The true strain of Dwarf Japanese Yew. Distinguished by its thick, dark green foliage. Can be held in bounds indefinitely by trimming.

12 to 15 inches	$6.75
15 to 18 inches	8.50

TAXUS CAPITATA (Upright Yew)—One of the most beautiful of the evergreens. It grows slowly with a delightful irregularity of outline; its many branches covered with the rich, waxen, green foliage characteristic of all yews. Some trees have bright red berries in the fall.

18 to 24 inches	$ 9.50
24 to 30 inches	12.50
30 to 36 inches	17.50

TAXUS DENSAFORMIS—A low, thick, spreading yew. Can be used in almost any situation in foundation plantings.

12 to 15 inches	$4.75
15 to 18 inches	6.75

TAXUS MEDIA HATFIELDI (Hatfield Yew) — A compact bush of conical shape with upright branches and radially spreading leaves. This habit makes it valuable for thick hedges as well as specimen planting. Each

12 to 15 inches	$4.75
15 to 18 inches	6.75

TAXUS MEDIA HICKSI (Hick's Yew)—A very interesting Yew of an upright type, growing in an extreme, narrow, column bush. It is fairly rapid-growing and has a deeper green color than most Yews. Slender type only.

	Each
12 to 15 inches	$4.75
15 to 18 inches	6.00
18 to 24 inches	9.50
24 to 30 inches	11.50

TAXUS HENRYI—Improved form of Densaformis. Excellent for any type of yew planting as this variety can be sheared to any desired shape.

	Each
12 to 15 inches	$4.75
15 to 18 inches	6.75

TAXUS HUNNIWELLIANA (Hunniwell Yew)—Darker color that the regular spreading yew and one of the best yews for bearing red berries in fall.

	Each
12 to 15 inches	$4.75
15 to 18 inches	6.75

BROAD-LEAVED EVERGREENS

AJUGA (Blue Bugle)—This is a plant of considerable value, grows beautifully in sun or shade. Grows 6 to 8 inches high, dense spikes of blue flowers in May and June.

2-yr. from 1-qt. cans	$0.45

EUONYMUS FORTUNEI ACUTUS (Wintercreeper)—Lowest growing of the evergreen wintercreepers, this gem is seldom over 6 inches high as a ground cover. Small deep green foliage is exceedingly handsome.

	Each
2¼ inch pots, per 100	$20.00
2 yr. from 1-gal. cans	1.25
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

EUONYMUS FORTUNEI COLORATUS (Purpleleaf Wintercreeper)—Leaves quite large, purplish fall and winter; then shed in spring forming light green foliage. Makes heavy ground cover.

2¼ inch pots, per 100	$20.00
2 yr. from 1-gal. cans	1.00
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

EUONYMUS FORTUNEI RADICANS (Minefolia)—Small round foliage, sometimes called Common Wintercreeper. One of the best vine types as it is strong growing and will cling to walls.

2 yr. from 1-gal. cans	$1.25
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

EUONYMUS FORTUNEI RADICANS "SARCOXIE" (New Upright Euonymus)—New, distinct hardy type. Leaves glossy, thick, and hold color well in winter.

	Each
3 yr. from 1-gal. cans	$2.25
15 to 18 inches B & B	4.75
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

EUONYMUS FORTUNEI VEGETUS (Bigleaf Wintercreeper)—A strong growing variety, with large glossy leaves, and producing bright orange-red berries, which remain on the plant most of the winter. As a hardy evergreen ground and wall cover, this plant is unequaled.

2¼ inch pots, per 100	$20.00
3 yr. from 1-gal. cans	1.25
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

EUONYMUS PATENS ERECTUS—Is a handsome, nearly evergreen species, with large light green leaves. Has dense, upright, bushy growth. Excellent for shady places.

3 yr. From 1-gal. cans	$1.25
2 yr., field grown, loose root (Available up to April 15)	per 100 $45.00

HEDERA HELIX GRACILIS (Baltica Ivy)—Identical in habit with the English Ivy, but foliage not as large and more cut; a most graceful vine; perfectly hardy and a splendid evergreen vine on walls with north exposure; also an excellent ground cover.

	Each
2¼ inch pots, per 100	$20.00
2 yr. from 1-qt. cans	.65
per 100	50.00

ILEX OPACA (American Holly)—The well-known, red-berried, American Christmas Holly. Not available in sexed plants. Must be planted in sheltered location.

	Each
2 to 3 feet B & B	$9.50

ILEX CONVEXA HETZI (Hetz Japanese Holly)—Compact, dense shrub, wider than tall. Small, shiny, curved leaves. Must be planted in sheltered locations.

	Each
12 to 15 inches B & B	$2.75
15 to 18 inches B & B	3.75

KOREAN BOXWOOD—The only hardy boxwood that can be used in Central Ill. Small, light green leaves, shears readily, making an excellent dwarf hedge.

	Each
12 to 15 inches	$3.75

MAHONIA AQUIFOLIUM (Oregon Grape Holly)—It has handsome, spiny, dark green lustrous leaves which take on a bronzy tone in the fall. The clusters of yellow flowers are showy in the spring, and later the bluish-black bloomy fruits are attractive.

	Each
3 yr. from 1 gal. cans	$1.75
15 to 18 inches B & B	4.00
18 to 24 inches B & B	6.00

PACHYSANDRA (Jap Spurge)—Evergreen ground cover of the root running type. Must have partial shade.

2¼ inch pots, per 100	$17.50
2 yr. from 1-qt. cans.	.45
per 100	35.00

PYRACANTHA LALANDI (Firethorne)—A most remarkable fruiting evergreen shrub. Bears attractive large trusses of white flowers during the late Spring followed by an abundance of brilliant orange-scarlet berries which remain late in the winter. It prefers a sandy soil and warm location.

	Each
3 yr. from 5-qt. cans	$1.75
24 to 30 inches B & B	4.25

RHODODENDRON, HYBRIDS — We offer this flowering plant in several named varieties. In order to have success with Rhododendrons, you must have the proper location. They do very well if planted where the winter sun does not strike, and with a soil mixture of about one-third peat.

18 to 24 inches from 5-gal cans	$9.50

TEUCRIUM CHAMAEDRYS—Shrublike plant of moderate growth. Has shiny dark leaves which hang on all winter. Resembles dwarf boxwood and may be used where the latter is not hardy. Can be clipped to suit any height up to 12 inches. Used extensively as an edging for formal beds.

2 yr. from 1-qt. cans	$ .45
per 100	35.00

VINCA MINOR (Myrtle)—Old time dense evergreen ground cover for sun and shade. Blooms in summer with light blue flowers.

2-yr. from 1-qt. cans	$0.45
Per 100	35.00

Note: Thirty or more plants of one variety, priced at 100 rate.

SMALL EVERGREEN COLLECTION

Every season we have innumerable requests for young evergreen transplants suitable for growing on in the garden.

We offer the following list of 3-year-old transplants at 75c each, except varieties marked * which are $1.75.

Do not confuse these with mail order seedlings, as we sell only young, vigorous plants, ready for the field.

No order accepted for less than five plants, or after April 10. Customer will be notified when trees are ready to pick up, or they can be shipped Parcel Post with an additional charge of 65 cents per order.

SHADE and ORNAMENTAL TREES

Note: Sizes are given as average height, i.e., 5 to 6 feet, or measured by the diameter of the stem 6 inches above the ground, i.e., 2 to 2½ inches.

Prices following are based on the trees being dug naked root, except where noted as B. & B. B. & B. means that the tree is dug with a solid ball of earth. With this method, the small hair roots are not disturbed.

ASH, GREEN — Found native throughout the state, attains a height of 50 feet or more, has spreading branches. The twigs are smooth, round, and ashy gray marked by pale lenticels and rusty bud-scales. Has compound leaves. Each

6 to 8 feet **$4.75**

ASH, MARSHALL'S SEEDLESS—This is a budded form of Green Ash which does not bear seed. The foliage is darker green than regular Ash, and is a fast growing hard wood tree. Highly recommended. Each

10 to 12 feet **$13.50**

ASH, MOUNTAIN—Hardy tree, head dense and regular, beautiful fern-like foliage, distinctly ornamental. Covered with clusters of bright red berries from July until winter. The combination of foliage and clusters of fruit makes it a very beautiful tree for planting. Each

5 to 6 feet **$3.75**
6 to 8 feet **5.00**

BIRCH, AMERICAN WHITE (Betula Papyrifera)— The native birch seen in the northern woods. This tree has a longer life than the European strain because of its resistance to insects, but it does not turn white as soon. To make a clump, plant two or three in one hole.

5 to 6 feet **$4.50**

BIRCH, EUROPEAN WHITE—A graceful tall tree, showing a white bark as it matures. A fine ornamental tree in any position, especially in evergreen group where the bark shows up most effectively. Each

8 to 10 feet **$7.00**
*-1½ inch B & B **25.00**
*-2 inch B & B **32.50**
*-2½ inch B & B **42.50**

***-Price includes delivery and planting within 50 miles.**

BIRCH, EUROPEAN WHITE CLUMPS—We recommend the planting of three individual trees in one hole to prevent splitting after the trees are mature. The trees should be assorted sizes and crooked. We offer a special for this type of planting as follows:

Three-branch clump on one stem, 5 to 7 feet (Spring only)	$ 7.50
Three Birch, assorted sizes, 5 to 8 feet	14.50
6 to feet B & B two stems	14.50
6 to 8 feet B & B three stems	18.50

BIRCH, CUT LEAF WEEPING—Its tall, slender, yet vigorous growth, graceful drooping foliage presents attractive characteristics rarely met in a single tree.

	Each
4 to 5 feet (Spring only)	$ 4.75
6 to 8 feet	6.75
8 to 10 feet	8.75
*-1½ inch B & B	25.00
*-2 inch B & B	32.50
*-2½ inch B & B	42.50

FLOWERING CRABS

ADSTRINGENS—A wide spreading tree of shapely growth that will attain a height of from 15 to 20 feet. An early bloomer whose flowers are deep rose in bud, opening to a lighter shade or rose-pink. The foliage is a light purple and the fruit various shades of red, yellow, and green.

	Each
4 to 5 feet	$3.50
5 to 6 feet	4.75

ELEYI—Has attractive reddish foliage in spring. Great abundance of single pink flowers followed by red fruit.

	Each
4 to 5 feet	$3.50
5 to 6 feet	4.75

HOPA—Beautiful in bloom, beautiful in foliage, beautiful in fruit. A blaze of red in the spring. From midsummer until severe freezing, the clusters of small, red Crab Apples gleam brightly along the branches. The fruit makes a very fine jelly.

	Each
4 to 5 feet	$3.50

IRENE—Of medium size and irregular spreading growth. Foliage has a dark reddish color. Considered one of the outstanding red flowering crabs.

	Each
4 to 5 feet	$4.75

RINGO—Of medium size and upright growth, this tree bears pink flowers. The large, dark green, very shiny foliage is particularly handsome. This is the only variety of Malus with a shiny leaf. The fruit is one inch in diameter and bright orange in color.

4 to 5 feet	$3.50
5 to 6 feet	4.75

SHADE TREES (cont.)

SARGENT—Dwarf, irregular in habit, developes as a wide bush, rather than a tree. Bloom is pink in bud, opening to white. Followed with small red berries which hang on into winter.
3 to 4 feet B & B **$8.50**

ZUMI—This wide growing, well-formed tree is the finest of all crabs. Very heavy bloomer, with pink buds opening to pure white. The one-quarter-inch fruit is bright orange and persists into February. Available in B & B sizes

SPECIMEN FLOWERING CRABS IN VARIETY —
5 to 6 feet B & B **$13.50**
6 to 8 feet B & B **19.50**
8 to 10 feet B & B **25.00**

ELM, CHINESE—Of recent introduction from China, is native of Turkestan to Siberia. Of extremely rapid growth while young, but does not make a large tree. Foliage is small and dense; growth symmetrical and compact. Especially adapted to arid regions, succeeds everywhere. Each
1 to 1½ inches or 6 to 8 feet ..... **$ 3.00**
1½ to 1¾ inches or 8 to 10 feet **4.25**
1¾ to 2 inches **7.50**

THE LOCUSTS

HONEY LOCUST, THORNLESS—Widely planted as a fast growing shade tree. Does not break in windstorms. Will stand adverse conditions such as drought and severe pruning.
6 to 8 feet **$5.25**
8 to 10 feet **6.75**

IMPERIAL LOCUST—(Pat. No. 1605) A new variety destined for recognition as one of the outstanding trees of this age. Branches are symmetrically arranged, forming a regular and compact tree with dense shade. Thornless, and flowers are staminate with no seeds.
6 to 8 feet ..... **$ 9.00**
8 to 10 feet **12.50**
*-1½ inch B & B **25.00**
*-2 inch B & B **32.50**

SHADEMASTER LOCUST (Pat. No. 1515)—The Princeton upright Thornless Honeylocust. Its outstanding characteristics are straight, strong trunk; ascending branches; heavy dark green foliage; rapid growth and unbelievably symmetrical tops.
*-1½ inch B & B **25.00**
*-2 inch B & B **32.50**

SUNBURST LOCUST—(Pat. No. 1313) New thornless and seedless variety with branch tips of bright golden yellow, shading to bronze at the ends, contrast sharply with the rich green inner foliage to make it look like a flowering tree bursting with bloom. Has stately form with broad-pyramidal head.
6 to 8 feet ..... **$ 9.00**
8 to 10 feet **12.50**
*-1½ inch B & B **25.00**
*-2 inch B & B **32.50**

***-Price includes delivery and planting within 50 miles.**

SHADE TREES (cont.)

HACKBERRY—A native tree of the Illinois River valley. Has narrow, pointed leaves, slender branches and rough bark. An excellent tree for city planting.

	Each
6 to 8 feet	$5.25
8 to 10 feet	7.25

KWANZAN JAPANESE CHERRY—The hardiest of the Japanese Flowering cherries. The name means Gateway to the Mountains in Japanese. Flowers are very large, up to 2 inches, and double, deep rosy-pink.

4 to 5 feet	$5.75

LARIX DECIDUA (Larch)—One of the native trees of the northern states. Prefers a moist situation and developes very rapidly to a medium shade tree. Summer foliage similar to Balsam or Spruce.

	each
3 to 4 feet B & B	$7.50

LINDEN, EUROPEAN (Little Leaf Linden)—A favorite street tree because of its pyramidal form. Foliage dark green. Bark has a distinctive brown color.

5 to 6 feet	$6.00
6 to 8 feet	8.00

MAGNOLIA SOULANGEANA (Saucer Cup Magnolia)—By far the best of the hardy Magnolias, producing a wealth of delicate shaded blooms, just before the leaves open. The flowers open light purple at the base, shading to pink at the tips, with inside petals clear pink to white. One of our most beautiful ornamentals.

	Each
2 to 3 feet	$ 5.00
3 to 4 feet	7.50

MAGNOLIA STELLATA—The Star Magnolia is the hardiest of this class. A much-branched, wide-spreading, large shrub, bearing a great profusion of large pinkish-white fragrant blooms before the leaves in the Spring.

	Each
24 to 30 inches	$10.00

MAPLE, CRIMSON KING (Plant Patent No. 735)—This tree is a hard maple type which is a cross between Norway and Schwedler Maple. It leafs out red in the spring similar to the Schwedler and holds this red color all summer. It can be truly called Red Maple.

	Each
5 to 6 feet (whips) (Spring only)	$ 5.00
6 to 7 feet	8.50
7 to 8 feet	12.50
*-1½ inch B & B	32.50
*-2 inch B & B	42.50

MAPLE, HARD OR SUGAR—Make a round dense top, medium rapid growth and one of the best for shade. Rather slow about getting started after being planted, but when once established, makes a rapid growth. The leaves give beautiful autumn tints of yellow and scarlet. Has no equal for shade.

	Each
5 to 6 feet	$ 4.75
6 to 8 feet	7.25
8 to 10 feet	9.75
10 to 12 feet	13.50
*-1½ inch B & B	25.00
*-2 inch B & B	32.50
*-2½ inch B & B	42.50

MAPLE DRUMMONDI (Harlequin Maple) — The variegated maple is similar in habit to the Norway, but the leaves are edged in a delicate shade of yellow. A striking tree for contrast planting.

	Each
1 inch	$ 7.50
1¼ inch	9.50

MAPLE, RED (Acer Rubrum)—This is the true Red Maple and is distinguished by its smooth gray bark and brilliant leaves in the fall. Requires a moist location. It makes a medium-sized tree and is quick-growing.

	Each
6 to 8 feet	$8.50
*-1½ inch B & B	25.00

MAPLE, RED LEAF or SCHWEDLER—Noted for its beautiful foliage. Comes out a rich, ruby-red in spring, gradually changes to purplish-green.

	Each
1 inch	$ 6.50
1¼ inch	7.50
1½ inch	10.00
1¾ inch	13.00

MAPLE, SILVER—Well-known rapid-growing tree valuable where quick shade is wanted. It is among the first trees planted for shade by the early settlers.

	Each
5 to 6 feet	$ 4.25
6 to 8 feet	5.75
8 to 10 feet	7.25
10 to 12 feet	10.75
*-2 inch B & B	32.50
*-2½ inch B & B	42.50
*-3 inch B & B	65.00

MAPLE, NORWAY—A native of Europe. Grows similar in habit to the Hard Maple, but more dense. Its compact habit, broad, deep green shining foliage, render it one of the most desirable for streets and lawns.

	Each
6 to 7 feet	$ 6.00
7 to 8 feet	9.00
8 to 10 feet	11.00
*-2 inch B & B	32.50
*-2½ inch B & B	42.50

MAPLE, NORWAY COLUMNARIS—Compact, narrow form of the regular Norway for street planting, accent, and formal effect. Particularly useful for shallow lawnstrips.

6 to 8 feet	$ 9.00
8 to 10 feet	12.50
*-1½ inch B & B	25.00
*-2 inch B & B	32.50
*-2½ inch B & B	42.50

***-Price includes delivery and planting within 50 miles.**

METASEQUOIA (Dawn Redwood)—Thought extinct for 20,000,000 years, discovered in China in 1945. This tree is undoubtedly one of the most notable acquisitions to our gardens of recent years. Large tree with fresh green, fernlike foliage. Very rapid grower.

2 to 3 feet from container **$6.25**

OAK, PIN—Forms a symmetrical pyramidal head with long pendulous branches. The foliage is much cut and assumes a bright red in autumn. Because of its erect, symmetrical and rather rapid growth, it is much used for avenues and as a specimen tree on lawns.

5 to 6 feet **$5.75**
*-1½ inch B & B **25.00**
*-2 inch B & B **32.50**

OAK, RED—One of the faster growing oaks which developes into a large, spreading specimen shade tree. Large leaves which turn red in the fall. each

8 to 10 feet **$12.50**

ORIENTAL PLANE—The London planetree is one of our most useful street trees. It has a broad coarse, foliage which resists smoke, dust and the ravages of insects. A rapid growing tree of permanence. Each

6 to 8 feet **$6.75**
8 to 10 feet **9.25**
*-2 inch B & B **32.50**
*-2½ inch B & B **42.50**

POPLAR BOLLEANA—The silver leaf poplar has a distinctive green bark. Slower growing than the Lombardy but considered to have a longer life. each

6 to 8 feet **$1.50**
8 to 10 feet **2.25**

POPLAR, LOMBARDY—Very tall, rapid-growing tree with spire-like habit. Its tall, narrow lines make it picturesque compared to the more rounded forms of other trees. Used extensively in screens, or to accent shrubbery groups. Each

3 to 4 feet Whips ..... **$ .50**
8 to 10 feet **1.50**
10 to 12 feet **2.25**

SYCAMORE—Also called Buttonwood. Considered the largest hardwood tree in North America. Reaches its largest size along streams and on rich bottom-lands. It is one of the more rapid-growing trees. Needs moist location. The bark on the younger trunk and large limbs is very smooth and greenish-gray in color. The outer bark yearly flakes off in large white patches and exposes the nearly white younger bark.

5 to 6 feet **$3.75**
6 to 8 feet **5.00**
8 to 10 feet **7.50**

***-Price includes delivery and planting within 50 miles.**

SWEET GUM—This pyramidal shaped tree is noted for its beautiful symmetry, corky bark, and star shaped leaves which turn every color of the rainbow in the Fall.

4 to 5 feet B & B	$ 7.50
5 to 6 feet B & B	12.50
1½ to 2 inch B & B	28.50

TAXODIUM DISTICHUM (Bald Cypress)—One of the fast growing deciduous conifers. Looks like an evergreen in the summer. Foliage turns bronze color in fall. Makes a beautiful specimen or can be trimmed up as a small shade tree. each

4 to 5 feet B & B	$7.50

THORNE, WASHINGTON—This Hawthorne is one of the best for formal plantings. Narrow in habit with a dark, green glossy foliage. Blooms with an attractive white flower in the spring and is followed with clusters of red berries which hang on until winter. Very hardy. Each

4 to 5 feet, B. & B.	$ 7.50
5 to 6 feet, B. & B.	10.00
6 to 7 feet, B. & B.	15.00
7 to 8 feet, B. & B.	20.00
8 to 10 feet, B. & B.	27.50

THORNE, COCKSPUR—One of our native thornes with horizontal branching and dark green foliage which colors in the Fall. Blooms white, followed by bright red fruit.

3 to 4 feet B & B	$8.50

THORNE, MOLLIS—The Downey Hawthorne is noted for its large, red fruit which follows the white flowers. Its rounded branching habit makes this thorne useful as a specimen or for heavy screening..

3 to 4 feet B & B	$7.25

TULIP TREE—Sometimes called Yellow Poplar. This tree is native in Southern Illinois and considered one of our most valuable hardwood trees. When it reaches maturity, it blooms in the spring with tulip-like white flowers. It has a very attractive foliage and makes a beautiful ornamental shade tree. The roots are very brittle, so we list this tree as balled and burlaped. Each

5 to 6 feet, B & B	$ 9.50
6 to 8 feet, B & B	12.50
8 to 10 feet, B & B	17.50

WALNUT, CARPATHIAN—Sometimes called hardy English Walnut, as the delicious edible nut is more like the English rather than the Black Walnut. Makes a small, bushy tree with excellent dark green foliage. Starts to bear nuts at an early age.

3 to 4 feet	$5.75

WEEPING WILLOW—The well-known graceful Weeping Willow whose long, drooping branches densely covered with fresh, green leaves, make it one of the best-loved trees. Very rapid grower. Likes moist situations. Each

6 to 8 feet	$3.75
8 to 10 feet	5.00
10 to 12 feet	7.50

We have a number of varieties of large shade trees not listed at special prices.

***-Price includes delivery and planting within 50 miles.**

SMALL TREES—Small trees such as Amur Maple, Prunus Cistena, Red Bud, and Russian Olive listed under shrubs.

FLOWERING SHRUBS

Nature is always bounteous in her gifts to man and has been unstinting in giving us a great wealth of shrubs with their perfume and flowers, with their vari-colored foliage and bright fruit. No one with home grounds either large or small should be without the enjoyment of these wonderful gifts. Who can measure the uplifting influence they have upon those who are enraptured by their beauty and fragrance!

They require but little care when once established and grow in size and beauty each year. They are very effective for screens, borders, and for grouping on the lawn There may be had a succession of bloom the entire season by planting the various kinds, and many will hang with highly-colored fruit during the fall and winter.

There is scarcely a home in country, suburb, or town, the beauty and value of which cannot be enhanced by a judicious planting of the grounds, be they large or small; and for this purpose there is no class of plants that lend themselves more readily than the hardy flowering shrubs. In this part of the Midwest their importance has only begun to be appreciated.

To meet this demand we have added a number of desirable hardy flowering and ornamental-leaved varieties to our list of shrubs.

CLASSIFIED ORNAMENTAL AND FLOWERING SHRUBS BY ULTIMATE SIZE

SHRUBS LESS THAN THREE FEET TALL

Deutzia Gracilus
Potentilla Fruiticosa
Hypericums
Viburnum Opulus Nana
Ribes Alpinum
Spirea Anthony Waterer
Lodense Privet
Cotoneaster Apiculata

SHRUBS THREE TO FOUR FEET TALL

QUANTITY PRICES ON SHRUBS

All shrubs are tied in bundles of five or ten. Those varieties not listed at quantity rates sell at 25c less per plant in quantities of ten or more of a single variety; 35c less per plant in quantities of fifty or more of a single variety.

All prices are quoted loose root unless otherwise specified. We have most all of the shrubs listed in containers at 35c extra; these can be transplanted any season of the year.

ACER

ACER GINNALA (Amur Maple) — A graceful, shrubby tree, native of N. China, the foliage turning a vivid crimson in the fall. Planted extensively as a specimen or with other shrubs because of its form and attractive foliage. Cannot be considered a shade tree because of its dwarf habit. Each
2 to 3 feet **$2.00**

ACER PALMATUM ATROPURPUREA NOVUM (Dwf. Bloodleaf Japanese Maple) — An exotic shrubby tree with magnificent purple-red foliage, gracefully lacinated. It is attractive at all seasons and makes a handsome specimen on the lawn, or can be used in the foreground of the shrub border. Should have some winter protection. Most Japanese Maples will turn green the first year after transplanting, but will turn to their natural red color as soon as they recover from transplanting shock.
2 to 3 feet B & B **$13.50**

DOWNY SHADBLOW

AMELANCHIER CANADENSIS (Juneberry) — A small shrubby tree growing to the height of 10 feet. Blooms in midspring with a small, delicate, airy-like, white flower followed with a maroon-purple berry which is very attractive to the birds. The foliage colors nicely in the fall. Does very well in shady locations. Each
2 to 3 feet **$2.00**

ALMOND

AMYGDALUS (Flowering Almond)—Very early spring flowering shrub, gaily in bloom before the leaves appear. The flowers are an attractive bright double pink. Each
18 to 24 inches (from container) **$2.00**

ALTHEA

ALTHEA (Rose of Sharon)—Upright growing shrub noted for its profusion of large blooms in September and October. This is the only shrub which produces varied color in the border for fall. Named colors: Red, Pink, White, and Blue. Each
3 to 4 feet **$1.50**

ALTHEA—New all summer flowering varieties.

BLUE BIRD (Patent No. 1739)—All summer flowering. The flowers are of good size, open widely, the color is definitely a lavender-blue and there is no sickly shading of mauve from the eye, at the base of the staminal column which is pure white. each
18 to 24 inch from container **$3.25**

WM. R. SMITH—This is one of the most desirable of the all summer flowering shrubs. Its large, sparkling white, disc like flowers continue to bloom from June through September. A perfect companion for the fabulous new Blue Bird.
18 to 24 inch from container **$2.25**

HAMABO—One of the favorite European varieties. Flowers are white and red, big, charmingly colored, brilliant and gay, and contrast beautifully with the dark green foliage. each
18 to 24 inch from container **$2.25**

WOODBRIDGE—This is an improvement over the old time Rubis. Produces very large wide open flaring flowers of fine, clear rose-pink color. The best and most brilliant of the pink Altheas. Its freedom to bloom is outstanding.
18 to 24 inch from container **$2.25**

ARONIA ARBUTIFOLIA (Red Chokeberry) — A graceful, loosely erect shrub with slender branching stems. Foliage dark green in summer, turning a brilliant crimson in Fall. Its bright red berries appear in autumn and persist through winter. A useful filler in masses and borders. Each
2 to 3 feet **$1.75**

BARBERRY

BARBERRY, THUNBERGI—There is no shrub in existence more commonly used for foundation and hedge plantings. Autumn paints the foliage crimson and bronze, and studs the branches with red berries which hang all winter. Each
18 to 24 inches **$1.25**

BARBERRY, RED LEAF—A shrub of medium height, with distinctly red foliage throughout the year. It needs a sunny location to bring out the color of the leaves. Each
18 to 24 inches **$1.50**
18 to 24 inches B & B **2.50**
24 to 30 inches B & B **3.00**

BARBERRY MENTORENSIS —Very rugged, strong, upright growing branches and quite formidable thorns, foliage is heavy and thick, and of perfect color—a green as dark as the Yew. In Illinois, the leaves remain green until after the holidays. In southern states, this barberry is an evergreen. Its most valuable attribute is its ability to withstand heat and drought. Will grow in almost any impossible location.

15 to 18 inches **$1.50**

BUDDLEIA

BUDDLEIA (Butterfly Bush)—A semi-herbaceous plant which begins to bloom in July and continues until frost. The flowers are of a pleasing shade of violet-mauve and borne in dense cylindrical spikes. Very fragrant and attractive to the butterflies

Each

2 yr. stocks **$1.50**

CALYCANTHUS

CALYCANTHUS FLORIDUS (Sweet Shrub)—Old-fashioned All-spice, with glossy leaves and chocolate colored flowers, with the fragrance of the strawberry; the wood and leaves have a very pleasant, spicy fragrance.

Each

2 to 3 feet **$1.50**

BLUE MIST

CARYOPTERIS (Blue Mist)—A bushy plant from 2 to 4 feet high with excellent foliage, and covers itself with fuzzy gray-lavender flower in September and October. Sometimes freezes to ground but will renew itself and bloom again in one season.

Each

15 to 18 inches **$1.25**

WHITE FRINGE

CHIONANTHUS VIRGINICA (White Fringe)—A large shrub or small tree with somewhat stiff, spreading branches bearing very fragrant white flowers with the leaves in late Spring. Used generally as a specimen and very good in city planting as it will endure smoke and dust. Each

2 to 3 feet B & B **$2.75**

RED BUD

CERCIS CANADENSIS (Red Bud)—Before the leaves come out, the branchlets are covered with clusters of small, purplish pink pea blossoms. Native of the Illinois River Valley. The foliage consists of medium size, heart-shaped leaves. Very ornamental.

Each

2 to 3 feet **$2.50**
3 to 4 feet **3.50**
5 to 6 feet B & B **8.50**

COTONEASTER

COTONEASTER ADPRESSA PRAECOX (Creeping Cotoneaster)—Dwarf, low, spreading plant with glossy-green foliage. Bears large red cranberry-like berries in August which hang on into winter.

12 to 15 inches B & B **$3.75**

COTONEASTER APICULATA (Cranberry Cotoneaster)—A beautiful hardy dwarf Cotoneaster with arching branches which are covered with bright, shiny green leaves which color in the fall and hang on into winter. The branches are weighted down during autumn with masses of big crimson fruits, the size of cranberries. Each

12 to 15 inches, from 1-gal. can **$2.00**

COTONEASTER DIVARICATA—A beautiful hardy shrub of recent introduction from Northern China with spreading slender branches and beautiful dark green foliage persistent until into the winter. Each

2 to 3 feet **$2.00**
2 to 3 feet B & B **3.00**

COTONEASTER MULTIFLORA — Grows into a beautifully shaped round bush. Branches slightly arching and heavily covered with handsome blue-green foliage. Light pink bloom followed by small brilliant red berries in fall. Excellent for screening. Each

2 to 3 feet **$2.00**
3 to 4 feet **2.75**

COTONEASTER WARDI—This is almost an evergreen and holds its dark green leaves which are silver underneath, well into winter. Berries are bright-orange red.

2 to 3 feet B & B **$3.00**
3 to 4 feet B & B **3.75**

CONTONEASTER ZABELI—One of the most graceful of the contoneasters. Its arching branches covered with thick silver green foliage, makes it an excellent plant for foundation work or for medium border planting. Bears ornamental small red berries in the fall. each

2 to 3 feet **$1.75**

DOGWOOD

CORNUS KELSEY NANA—Kelsey's new dwarf red-twig dogwood. A new, beautiful addition to the Dogwood family. Dwarf and bushy in habit, makes a perfect, small mound of attractive foliage in the summer, coloring to deep red in the fall. each

12 to 15 inches **$1.50**

CORNUS ELEGANTISSIMA—The variegated red twig dogwood. Each dark green leaf is edged in white making a startling contrast with the red bark. Each

2 to 3 feet **$2.00**

CORNUS FLORIDUS (White Flowering Dogwood)—Small tree-like shrub. It is handsome in early spring with its four white, blunt-ended bracts surrounding the dense heads of small greenish flowers, and again in fall with scarlet fruits and gorgeous leaf coloring. Each

2 to 3 feet B & B **$5.00**
3 to 4 feet B & B **7.50**

CORNUS FLORIDUS RUBRA (Pink Flowering Dogwood)—Similar in habit to the White Flowering, but the blooms are pink.

	Each
2 to 3 feet, B. & B.	$ 6.00
3 to 4 feet, B. & B.	10.00
4 to 5 feet, B. & B.	17.50

CORNUS LUTEA (Yellow Dogwood)—A shrub of medium size with bright yellow bark in the winter. Good green foliage.

	Each
2 to 3 feet	$1.75

CORNUS SIBERICA (Red Dogwood)— A shrub with blood-red branches in the winter. Fruit bright blue and flowers white. Attractive to desirable birds.

	Each
3 to 4 feet	$1.50

CYDONIA

CYDONIA JAPONICA RUBRA (Japan Quince)—Old-fashioned shrub with glossy leaves and red flowers in great profusion in early spring before the leaves appear. This is a select strain grown from cuttings.

	Each
2 to 3 feet (from container)	$2.00

DEUTZIA

DEUTZIA GRACILUS (Dwarf Deutzia)—Seldom grows more than two feet high. Bears many lovely racemes of white flowers in late spring.

	Each
15 to 18 inches	$1.50

EUONYMUS

EUONYMUS ALATUS (Winged Euonymus)—Has dwarf compact habit, wood very corky, which gives it the name of cork bark. Has small delicate flowers in late spring, followed by red berries in fall. Foliage turns a brilliant red in the fall.

	Each
18 to 24 inches	$2.50
2 to 3 feet	3.00
3 to 4 feet	3.75

EUONYMUS ALATUS COMPACTA—A compact growing form of the winged Euonymus. One of the most beautiful shrubs in existence. Can be used both in foundation and border planting.

	Each
15 to 18 inches	$2.50
18 to 24 inches	3.00

RUSSIAN OLIVE

ELAEAGNUS ANGUSTIFOLIA (Russian Olive)—Rather large growing shrub with silvery foliage. Fine for screen plantings for contrast with other shrubs. Has small, yellow blossoms in June.

3 to 4 feet	$1.75
4 to 5 feet	2.00
6 to 8 feet, B. & B.	11.50

FORSYTHIA

FORSYTHIA BEATRICE FARAND—A new Forsythia originated at the Arnold Arboretum. Very vigorous grower. The deep yellow flowers are over 2 inches in diameter and have striking orange marking in the throat. Each
2 to 3 feet **$2.00**

FORSYTHIA LYNWOOD GOLD—The branches are erect and literally smothered under golden yellow flowers from top to bottom. Not only are the flowers produced in the most profuse manner but the individual blooms are large and full in form, apparently never minding early spring bad weather. For a magnificent show of golden yellow, there is nothing better.
2 to 3 feet **$1.75**
3 to 4 feet **2.00**

FORSYTHIA SPRING GLORY—This Golden Bell is lighter in color than the Intermedia, but a very heavy bloomer. There is nothing that will make you forget winter as quickly nor announce spring as flamboyantly. Each
2 to 3 feet **$1.50**
3 to 4 feet **1.75**

WITCH HAZEL

HAMAMELIS VIRGINIANA — One of our native shrubs which is valuable because of its ability to thrive in moist, shady locations. Small yellow flowers in late Fall which persist into winter.
2 to 3 feet **$1.75**

HONEYSUCKLE

HONEYSUCKLE, CLAVEY'S DWARF — A new hardy dwarf honeysuckle. Small yellow flowers in May, followed by large red berries. An excellent shrub for thick, medium height hedging.
15 to 18 inches **$1.00**
18 to 24 inches **1.25**
2 to 3 feet **1.50**

HONEYSUCKLE FRAGRANTISSIMA (Fragrant or Winter Honeysuckle)—A clean, handsome shrub with a long season of beautiful foliage. The bloom comes in very early spring, creamy-white, small, not very noticeable, with a fragrance like Colgate's soap. Has a red fruit in early summer which is attractive to the birds. Will grow in partial shade. Each
2 to 3 feet **$1.25**
3 to 4 feet **1.50**

HONEYSUCKLE, MORROWI—Noted chiefly for its dense mound like habit of growth. Produces white flowers changing to yellow, followed by orange berries. each
2 to 3 feet **$1.25**

HONEYSUCKLE TARTARIAN—The heaviest and tallest growing of all the honeysuckles. White and light pink blossoms are very fragrant. Excellent for heavy border and windbreaks. Used extensively in the west for farm windbreaks. Spring windbreak special:
1 yr. 15 to 18 inches ..... **per 25 $4.50**
3 yr. 3 to 4 feet ..... **each $1.25**

HONEYSUCKLE ZABELI—This is a new form of the Tartarian Honeysuckle which differs in that it has a brighter red bloom and a denser habit. Foliage excellent blue-green throughout the season. Each

18 to 24 inches ..... $ .90
2 to 3 feet 1.25
3 to 4 feet 1.50

HYDRANGEA

HYDRANGEA ARBORESCENS (Hills of Snow)—The flowers are similar to snowballs in appearance, white and imposing, blooming throughout the season. Excellent for solid low borders and foundation planting. One of the few shrubs which blooms well in shade. Each

18 to 24 inches $1.75

HYDRANGEA P. G. (Hardy Hydrangea)—A well-known shrub that blooms from August until late fall. The blooms are first white, then turn pink on the exposed side. It produces the largest flower head of all the shrubs. Will bloom in shady situations. DO NOT PLANT ON SOUTH FOUNDATIONS. Each

2 to 3 feet Bush Form $1.75
2 to 3 feet Tree Form 3.00

HYDRANGEA QUERCIFOLIA (Oakleaf Hydrangea)—Has big, artistic leaves, indented and somewhat ruffled. The flowers are borne in enormous, conical heads similar to the P. G. Hydrangea. Valuable for brilliant autumn coloring and does well in shade. each

18 to 24 inches from container $2.25

HYPERICUM

HYPERICUM AUREUM (St. John's Wort)—Hardy dwarf shrub with dark green foliage that hangs on into winter. Blooms in July-August with yellow flowers at a time when most shrubs are out of season. Each

18 to 24 inches $1.50

HYPERICUM KALMINIUM—Similar in habit and bloom to the Aureum, but foliage is steel blue in color. Each

18 to 24 inches $1.50

KERRIA

KERRIA JAPONICA (Globe-flower or Yellow Kerria)—A low, broad, rounded, densely twiggy mass, spreading and becoming a little more loose as it grows older. Blooms in midspring for a moderate period with orange-yellow flowers. Likes partial shade.

18 to 24 inches $1.50

RHODOTYPUS KERRIOIDES (White Kerria or Jetbead)—A rounded, open shrub, with spreading, and somewhat arching branches. Foliage bright green. Blooms in midspring and intermittently all summer with four-petalled white flowers, followed in fall with shiny black berries borne at the tips of the branches. Thrives in adverse places, stands shade, crowding, and city atmosphere. Each

2 to 3 feet $1.50

BEAUTY BUSH

KOLKWITZIA AMABILIS (Beauty Bush)—This plant is a slender but erect shrub of bushy habit, with downward sweeping branches of very graceful aspect. Its flowers are like tiny foxgloves, bright shell pink, and produced in bewildering profusion. Each

18 to 24 inches **$1.50**

LILAC

LILAC, COMMON PURPLE (Syringa)—Large old-fashioned shrub with bluish-purple flowers. Very sweet-scented. The most popular and earliest to bloom of all lilacs. Each

18 to 24 inches **$1.25**
2 to 3 feet **1.75**

LILAC, PERSIAN PURPLE—The finest lilac for screen planting. Blooms the first year planted. Very dense growing and the foliage does not mildew. Each

3 to 4 feet **1.50**

LILAC, FRENCH—Named varieties in Red, Purple, and White. These lilacs are more dwarf growing than the others and are all grafted to insure pure color as well as guarantee blooms soon after planting. Each

15 to 18 inches **$1.75**
18 to 24 inches **2.25**
2 to 3 feet **3.00**

LILAC, JAPONICA (Jap Tree Lilac)—Developes into a small specimen tree and bears white, feathery blooms in early summer. each

3 to 4 feet **$1.75**

We invite our customers to visit our nursery when French Lilacs are in bloom to select plants from hundreds in the field for Fall delivery.

SOURWOOD

OXYDENDRON ARBOREUM (Sourwood)—It has thick, fissured bark; long, slender, pointed leaves with a sour taste, and small white flowers in conspicuous semi-drooping panicles. It is frequently in front of large trees, or as background for low borders, as the bright, glossy, green leaves turn a brilliant scarlet in the fall. Each

2 to 3 feet, B. & B. **$3.75**

BAYBERRY

MYRICA PENNSYLVANIA (Northern Bayberry or Candleberry)—A compact, rounded shrub, dense and glossy, usually broader than high. Blooms in midspring with a reddish-green flower followed by small, globular berries covered with a whitish resin, borne in clusters that are not showy until leaves drop. Each

2 to 3 feet B & B **$4.75**

NINEBARK

PHYSOCARPUS OPULIFOLIA NANA (Dwarf Ninebark)—Semi-dwarf and very thick and bushy in growth, attractive light brown bark, creamy white bloom in late spring. Very good for informal hedges or low borders. Each

18 to 24 inches **$1.25**

PHILADELPHUS *(Mock Orange)*

PHILADELPHUS AUREA NANA (Dwarf Golden Mock Orange)—Valued for its bright yellow foliage the entire season. Contrasts beautifully with evergreens or red-leaved shrubs.

15 to 18 inches **$1.75**

PHILADELPHUS CORNARIUS—The sweet scented mock orange is one of the old time favorites. Blooms around Decoration Day. Because of its thick growth and foliage, makes an excellent screening shrub.

2 to 3 feet **$1.25**
3 to 4 feet **1.50**

PHILADELPHUS VIRGINALIS — A magnificent new variety, far exceeds any other Mock Orange in beauty and form. Flowers are semi-double and cover the entire bush in early June. Has scattered blossoms the balance of the year. Each

2 to 3 feet **$1.50**
3 to 4 feet **1.75**

PHILADELPHUS MINNESOTA SNOWFLAKE—A very hardy, new mock orange introduced by a Minnesota nursery. The name Snowflake describes the shrub correctly. When in full bloom, the foliage is completely obscured by the profusion of large white flowers. Each

2 to 3 feet **$1.50**
3 to 4 feet **1.75**

PRIVET

PRIVET, AMUR RIVER HEDGING—Well-known formal hedge plant for shearing. One of the hardiest types of plants grown. Does not winter kill like the California Privet.

1 yr., 12 to 15 inches per 100 ..... **$12.50**
2 yr., 18 to 24 inches per 100 ..... **30.00**

PRIVET, POLISH HEDGING—Similar to Amur River in habit but has darker foliage. Makes excellent formal hedge with trimming.

1 yr., 18 to 24 inches per 100 ..... **$12.00**
1 yr., 18 to 24 inches per 100 ..... **27.50**

PRIVET, LODENSE—This is a dwarf bushy privet which is excellent for low hedges. Foliage is very dark green and looks almost like boxwood. The foliage hangs on until almost Christmas. Each

12 to 15 inches ..... **$ .75**
15 to 18 inches **1.00**

PRIVET, REGAL—A low spreading form with gracefully drooping branches. The dense growth and dark green persistent leaves make it a desirable shrub for foundation or border planting, growing in shade and other impossible places. Each

18 to 24 inches **$1.50**

PRIVET, GOLDEN (Ibota Vicari)—New hardy privet that carries golden-yellow leaves, providing a wealth of interesting contrasts from early spring until late fall. Develops a neat compact shrub that can be trimmed into any shape. Suitable for use as an individual shrub, or for hedging. Each

15 to 18 inches **$1.50**

PRIVET, ENGLISH PYRAMIDAL—Habit very formal, requiring little trimming. Foliage, waxy, dark green and persisting into early winter.

15 to 18 inches **$1.25**
18 to 24 inches **1.50**

PRUNUS

PRUNUS CISTENA (Purple Leaved Prune)—Outstanding because of its brilliant red foliage throughout the growing season. Has a small pink bloom in spring. Each

3 to 4 feet **$3.00**

PRUNUS TRILOBA (Tree Flowering Almond)—The small, double, quilled, bright pink flowers stud every twig and branchlet in the spring before the leaves appear. Each

3 to 4 feet **$2.75**

ALPINE CURRANT

RIBES ALPINUM (Alpine Currant)—An excellent, dense foliage mass; useful for borders and hedges; one of the best shrubs for shady locations. In Central Illinois foliage will burn if planted in direct sunlight.

15 to 18 inches **$1.75**

RHUS (Sumac)

RHUS CANADENSIS (Fragrant Sumac) — Aromatic shrub growing to 6 feet, which is one of the best for shady locations. Small yellowish flowers April-May, followed by red berries. Excellent dense foliage. Each

18 to 24 inches **$1.50**

RHUS COTINUS (Smoke Bush)—A bushy shrub that has handsome foliage and large clusters of rather showy flowers, followed by peculiar long-haired seeds which give the plant the effect of being covered with a greenish-purple film of smoke. Each

3 to 4 feet **$2.00**

RHUS COTINUS RUBRIFOLIA (Red-leaf Smoke Bush)—The leaves are bronzy-red as well as the plumes. One of the new outstanding specimen shrubs.

3 to 4 feet B & B **$5.75**

ROSA

ROSA GROOTENDORST (Hardy Red Rose)—This plant is one of the showiest hardy roses in existence. It is covered the entire season with clusters of semi-double, red roses. Vigorous growing and can be used almost anywhere in the border. Each

2 yr. No. 1 ..... **$1.75**

ROSA HUGONIS (Father Hugh's Rose)—It is an extremely graceful, arching shrub, growing 5 to 6 feet in height. One of the earliest ornamental plants to come into flower, it frequently opens in April, covering itself with thousands of single yellow flowers of delicate fragrance. Its foliage is particularly dainty. Each

3 to 4 feet **$1.75**

ROSA ROBIN HOOD—The spectacular new hardy hedge rose. A delightful Musk Rose hybrid that has everything. Covered with brilliant cherry-red flowers from Spring until Fall. May be pruned to any desired height. Do not confuse this plant with the unhardy Red Robin, or the common multiflora.

2 yr. No. 1 ..... **$ 0.85**
per 10 ..... **7.00**
per 100 ..... **65.00**

PUSSY WILLOW

SALIX DISCOLOR (Pussy Willow)—A fast-growing shrub-tree, blooming very early in the spring before the leaves come out. The fern-like catkins borne along the branches make it very attractive. Loves moist places. Each

3 to 4 feet **$1.50**

SPIREA

SPIREA ANTHONY WATERER (Rose Spirea)—Low growing type of very compact, dense habit, with flat-topped clusters of rose-colored flowers throughout the season. Excellent for low foundation plantings. Each
15 to 18 inches **$1.50**

SPIREA FROEBELI (Froebel Spirea)—Compact shrub of medium height producing numerous flat-topped clusters of orchid-pink flowers during the summer and later the foliage turns to the autumn colors. Each
18 to 24 inches **$1.25**

SPIREA VAN HOUTTEI (Bridal Wreath)—One of the finest of flowering shrubs, and none so popular or widely planted. Its adaptibility to almost any soil or situation makes it one of the most desirable shrubs under cultivation. Each
18 to 24 inches **$1.00**
2 to 3 feet **1.25**
3 to 4 feet **1.50**

SPIREA PRUNIFOLIA (True Bridal Wreath)—Shrub of rather stiff, dense growth, with shiny foliage, turning bright autumn tints in the fall. Has tiny double white flowers in clusters, borne with utmost profusion along all of the branches as the leaves appear in the spring.
2 to 3 feet **$1.75**

SPIREA THUNBERGI (Snow Garland)—A shrub with thin, arching branches plentifully besprinkled in very early spring with tiny, single, snow-white flowers. It is a dainty and very beautiful shrub, with feathery, fresh green foliage that in autumn turns scarlet and orange.
18 to 24 inches **$1.50**

CORALBERRY

SYMPHORICARUS MOTHER OF PEARL (Pink Snowberry)—Graceful, dense shrub up to 2½ ft. high, withstanding shade or sun. The plant is covered with large, beautiful pink berries, born at the tips of the branches from Sept. until Dec.
18 to 24 inches **$1.75**

SYMPHORICARPUS WHITE HEDGE—A new shrub which is a great improvement over the old snowberry. Formal in habit, and from Sept. to mid-winter, bush appears to be covered with popcorn.
18 to 24 inches **$1.75**

SYMPHOROCARPUS CHENAULTI (Improved Coralberry)—Graceful shrub with coral-colored berries that hang on during the winter. Its habit and fine texture of foliage and twigs make it fine for foundation planting. Will grow in shady locations. Each
2 to 3 feet **$1.25**

TAMARIX

TAMARIX CASCADE— New introduction of merit. The heaviest blooming Tamarix on the market. Excellent for late summer bouquets.
2 to 3 feet **$1.75**

VIBURNUM

VIBURNUM BURKWOODI—Semi-evergreen fragrant snowball. Flowers are waxy, bluish-white produced in early spring when the leaves are unfolding. Foliage brilliant in autumn and a shiny dark green throughout the summer. Each

2 to 3 feet B & B **$5.75**

VIBURNUM DENTATUM (Arrow Wood)—Upright growing with light green leaves. Flowers greenish-white followed by black fruit. A fine shrub for massing or foliage effect. Each

3 to 4 feet **$1.50**

VIBURNUM JUDDI (Improved Fragrant Viburnum) — Distinguished from the old time Carlesi by its darker green foliage. Blossoms are identical.

18 to 24 inches B & B **$4.75**

VIBURNUM LANTANA (Wayfaring Tree)—A large robust shrub with fuzzy foliage light green above and silvery beneath. After this plant has been in a border a few years, it outshines all other shrubs, with its remarkable foliage. Each

3 to 4 feet **$1.50**

VIBURNUM LENTAGO (Nanny-Berry) — Tall shrub with large lustrous leaves which color nicely in fall. Blooms with clusters of creamy white flowers late in spring and is followed with juicy black berries. Each

2 to 3 feet **$1.25**
3 to 4 feet **1.50**

VIBURNUM OPULUS (Highbush Cranberry)—Tall and upright, with good foliage and especially decorative red fruit in large clusters which resemble cranberries and hang on well into the winter. Each

2 to 3 feet **$1.50**
3 to 4 feet **1.75**

VIBURNUM OPULUS NANA (Dwarf Highbush Cranberry)—A beautiful new shrub with the foliage of the regular Highbush Cranberry, but never exceeding the height of 24 inches. Excellent for informal hedges and foundation plantings on low houses. Does better in semi-shade. Each

12 to 15 inches **$1.50**

VIBURNUM OPULUS STERILUS (Snowball)—Old-fashioned shrub that grows anywhere and blooms well. Characterized by its large clusters of white flowers at Decoration Day. Each

18 to 24 inches **$1.75**

VIBURNUM RHYTIDOPHYLLUM (Leatherleaf Viburnum)—A large shrub with stout upright branches, spreading and finally arched to the ground, clothed with thick, coarse, rugose leaves which hang on most of the winter in protected positions. Blooms in early spring with ivory white flowers, followed by attractive fruits which are red, changing to black. Each

18 to 24 inches, B. & B. **$4.75**

VIBURNUM TOMENTOSUM (Doublefile Viburnum or Japanese Snowball)—A strong, vigorous shrub with broad-spreading, almost horizontal branches. Blooms late in spring with white, flat-topped flowers. Leaves are large and bronze-green in color, changing to dull red in fall. Each

18 to 24 inches **$1.50**

VIBURNUM TOMENTOSUM MARIESI—This variety is an improved from of Japanese Snowball, in that it blooms while still young and is slightly dwarfer in habit. When in flower this shrub is handsomer than the White Dogwood.

18 to 24 inches from container **$2.25**

VIBURNUM TOMENTOSUM PLICATUM GRANDIFLORUM (Double Japanese Snowball)—The blooms on this magnificent shrub develop to 4 or 5 inches across. The foliage is outstanding because of the texture and size of the leaves. A specimen shrub for anyones garden.

18 to 24 inches B & B **$3.75**

WEIGELA

WEIGELA VANICEKI—The color of the flowers is a pleasing sparkling ruby-red. They are produced in tremendous quantities in the spring and intermittently throughout the summer and autumn. It attains a height of 6 to 7 feet at maturity, and grows into a well-rounded specimen requiring very little pruning. Each

2 to 3 feet **$1.75**

WEIGELA ROSEA (Rose Weigela)—Very free-flowering shrub. Pink flowers are produced in so great profusion as to almost hide the foliage. A well-known shrub, fine for massing or for single specimen. Each

3 to 4 feet **$1.50**

ONE YEAR SHRUBS

Average height, 12 inches, available for sale up to April 10th.

Price per bundle of 25 ..... **$5.00**

VINES

Vines should have deep, rich soil, and without which these charming shrubs will be both disappointing and commonplace. Generally vines about the house get set in a mixture of clay, brickbats, cinders and building refuse, and the owner finally decides that vines are not much good; while if the ground had been prepared by filling in with good, rich soil before planting, and mulched heavily with well rotted manure in the fall the results would be most satisfactory.

BOSTON IVY—The most popular climbing plant for covering brick, stone, or wooden walls. The color is a fresh, deep green in the summer, changing to autumn tints in the fall. Each

3 yr. No. 1 ..... **$1.50**

CLEMATIS JACKMANI—Hardy vine with very large purple flowers. They like a rich, moist situation and not too sunny location. Do not plant very deep. Each

2 yr. No. 1 ..... **$1.50**

CELASTRUS SCANDENS (Bittersweet) — Well-known native climber, handsome glossy foliage and large clusters of beautiful orange-crimson fruit retained all winter. Each

3 yr. No. 1 ..... **$1.50**

EUONYMUS—(See Broad-Leaved Evergreens).

HEDERA HELIX GRACILLUS (Baltica Ivy)—See Broad-Leaved Evergreens.

LONICERA FLAMING RED—New climbing honeysuckle of unusual merit. Flowers much larger and brighter than the old Trumpet Honeysuckle. Each

2 yr. No. 1 ..... **$1.25**

LONICERA HALLIANA (Hall's Honeysuckle)—Strong grower, holds foliage until early winter. Flowers white, changing to yellow; very fragrant. Each

3 yr. No. 1 ..... **$ 0.85**
Per 100 ..... **$50.00**

POLYGONIUM AUBERTI (Silver Lace Vine)—The most vigorous and rapid-growing of all climbers, when blooming is covered with foamy sprays of creamy white flowers. Each

2 yr. No. 1 ..... **$1.50**

POLYGONUM REYNOWTRIA (Dwarf Silver Lace Vine)— This handsome ground cover vine was introduced by a famous English plantsman. In the fall it produces numerous airy pink sprays of flowers. Light green foliage turns red in fall. Considered one of the best ground covers for sunny places and poor soil.

From 1-qt. cans ..... each **$ 0.45**
per 100 ..... **35.00**

WISTERIA PURPLE—One of the best of the hardy climbers, producing dense drooping clusters of pea-shaped flowers in May and occasionally during the fall. Color, violet blue. Each

2 yr. No. 1 ..... **$1.50**

FRUITS

CHOOSE YOUR VITAMINS

APPLES

Price, 11/16th inch caliper, 2-year-old, $2.50

Summer Varieties

YELLOW TRANSPARENT—This variety was introduced from Russia in 1870 by the U.S. Department of Agriculture and is one of the very hardiest and earliest bearers grown, usually bears in the nursery row. Of vigorous upright growth, but never makes a large tree. Fruit medium, skin clear white at first, becoming pale yellow when fully matured. Fruit may be used from ten days to two weeks earlier than any other kind. Extremely productive.

Winter Varieties

RED DELICIOUS—Tree very hardy, strong upright grower and comes into bearing soon. Fruit large, nearly covered with brilliant dark red. Flesh fine-grained, crisp, and melting. Juicy, with a delightful aroma; of very highest quality. This no doubt is the most popular and highest priced eating apple on the market. Season November to March.

YELLOW DELICIOUS—The Yellow Delicious is identical in shape and size with the red variety apple. Is completely yellow in appearance. Flavor sweet, and flesh is very firm, crisp and juicy. A splendid market apple.

JONATHAN—For years the standard of quality by which other sorts have been gauged. Trees are long lived, productive and an early bearer. A brilliant red apple, highly flavored and of excellent quality—being tender, juicy, spicy and rich—a splendid family sort and highly profitable for market. Season November to April.

Fall Varieties

WEALTHY—Vigorous spreading tree, extremely productive. This beautiful moderate sized brilliant red apple is of fine quality, one of the best of its season. It is a relatively good keeper, and owing to the hardiness of the tree, its adaptability to cold climates and early bearing habit makes it a very profitable kind. Flesh white and tender, reddish stained and of excellent flavor. Season October to December.

PEACHES

Price Each, 4 to 5 ft., $2.50

BELLE OF GEORGIA—Very large. White with red cheek. Firm and of fine quality. It is a rapid grower, very productive and a good shipper. Early September.

ELBERTA—Large to very large, yellow, with beautiful blush; firm, a little coarse, but tender and good. While quality is not the highest, it has made more money for the orchardist than any other peach. In all probability no peach has met with equal success in so wide a range of territory as this variety. Season medium early, following closely the early Crawford. Hardier in bud than most kinds, therefore a more uniform cropper.

GOLDEN JUBILEE—A choice freestone recently introduced by the New Jersey Experiment Station. Tree habits resemble Elberta. Brings top market prices because it is early and has a superior flavor.

J. H. HALE—Very large, golden yellow blushed red with fuzzless skin. Flesh is yellow, solid, tender, of highest quality and delicious flavor. Very fine. Freestone.

Due to an old American custom, we close each day from 12 to 1 for lunch

DWARF PEARS

Price, 2 yr. old $3.25

DWARF BARTLETT—The favorite fall pear. Good for eating and canning.

DWARF DUCHESS—The regular Duchess pear budded on Quince.

DWARF SECKEL—The regular sugar pear. None better to eat or for spicing.

APRICOTS

Price, 4 to 5 ft., each $3.00

MOORPARK — Very large, yellowish green with red on sunny side. Flesh bright orange and freestone. Ripens in August.

CHERRIES

Price, 4 to 5 ft., each $2.75

EARLY RICHMOND—This is perhaps the most popular and valuable cherry yet produced. It is very prolific and bears bright red, juicy fruit, rather acid in flavor and unexcelled for cooking. Tree very hardy. Ripens about tenth of June.

LARGE MONTMORENCY—A large and bright red, very attractive Cherry. A very pleasant acid flavor. Ripens about ten days after the Richmond. The fruit is much sought after on account of its large size and fine flavor.

DWARF CHERRY

NORTH STAR (Minn. No. 58)—Cross of Serbian pie cherry and English Morello. Small Tree. Fruit dark red at maturity. Stone small and free.

	Each
3½ ft. and up	**$3.00**

SWEET CHERRIES

Price, 4 to 5 ft., each $2.75

YELLOW GLASS — A beautiful cherry of large size, pale yellow with bright red cheek; flesh firm and sweet.

BLACK TARTARIAN—This is the outstanding sweet cherry in our territory. Fruit is large, sweet, and of the highest quality. Tree is a thrifty, upright grower.

PLUMS

Price, 4 to 5 feet., each $2.75

BURBANK—Fruit very large, yellowish in color with red cheek in sun. Extremely small pit. Bears middle of June.

FELLENBERG—Large, dark purple, and sweet plum. One of the best for home canning.

SMALL FRUITS

RASPBERRIES

CUMBERLAND—After growing and testing a large number of Blackcap Raspberries during the past years, we find that this variety is far ahead of any in its class. The fruit is black and large, with a rich flavor, and the canes are exceptionally free from disease, and is a vigorous grower. The crop is all ripened within a few days, making it a valuable market sort. We are now growing only this variety of Blackcap.

Price per 25 tips ..... **$ 3.00**
Price per 100 tips **10.00**

LATHAM—After growing this variety we find it to be the largest and finest red berry we have ever had on the grounds. It originated at the Minnesota Fruit Breeding Farm, and is now recognized as the best of all the reds. It was first sent out as Minnesota No. 4. It is of extraordinary large size, bright red color and excellent flavor, and the fruiting season lasts over six weeks.

Price per 10 transplants ..... **$ 2.25**
Price per 25 transplants **5.00**
Price per 100 transplants **17.50**

CURRANTS

RED LAKE—Berries sometimes more than a half an inch in diameter. Bunches short. Vigorous and productive when grown on good soils and well cultivated. **Price 65c each.**

GOOSEBERRIES

2 yr. No. 1—75¢

CHAMPION—A medium size gooseberry which is very vigorous and productive.

GRAPES

The vines we have to offer are all two-year-old, grown from cuttings taken from bearing vines, and are first-class in every particular.

CACO—Fruit is very large, rich wine-red in color. Flavor of the finest, very rich and sweet. Excellent quality. Ripens in September. Vines are hardy, strong and vigorous growers. very prolific, **Price, each, 65c.**

GRAPES (Continued) —

CONCORD—The fine old market leader, with handsome clusters of large and luscious fruit. Color a purplish black and of a most excellent flavor. Entirely hardy and productive; succeeds over a very great extent of country. One of the best known grapes and one that all other varieties are compared with. The grape for the million. **Price, each, 50c.**

MOORE'S EARLY—Excellent hardy variety, bearing very large berries with a heavy blue bloom. Valuable on account of its extreme earliness. Ripens from two to three weeks ahead of the Concord. **Price, each, 65c.**

NIAGARA (White)—A popular commercial sort. Berries and bunches are large; greenish-white in color, changing to pale yellow when fully ripe. Quality excellent. **Price, each, 65c.**

STRAWBERRIES

Strawberries will produce more fruit to the square rod and in less time than any other fruit we can grow. They grow wild in every section of the country from Alaska to Florida. It has always been a mystery to me why so many people do not raise this most refreshing and early fruit. A few square rods will produce all that one family can possibly use.

PREMIER—This is the most popular early strawberry of the day. The berries are very large, long pointed, light red in color and present a good appearance in the basket and in market. No other early strawberry is anything near equal to it in productiveness.

Price per bunch of 25 plants **$1.25**
Price per 100 ..... **3.50**

DUNLAP—A perfect-flowers variety that fruits without being planted with other kinds. Is proving to be the most valuable Strawberry yet grown in the United States, and is a favorite everywhere. The berries are very large, bright red, well formed and highly flavored. Being a great plant producer, it does not require as many plants to set a row as other kinds.

Price per bunch of 25 plants **$1.00**
Price per 100 ..... **3.00**

ROBINSON—One of the better mid-season varieties which is grown extensively by commercial growers. One of the recommended berries for freezing in your locker.

Price per bunch of 25 plants **$1.00**
Price per 100 ..... **3.00**

GEM (Everbearing)—Gem is the only everbearing variety that will make plants freely. The berry is dark red, pointed—about the size of Dunlap, of excellent quality and has a sweet, tart flavor. Gem commences to bear about 60 days after planted, and will continue to do well all summer and up until cold weather sets in. It can be grown on soil where an ordinary everbearing would be a failure.

Price per 25 plants **$1.50**
Price per 100 ..... **5.00**

GARDEN ROOTS

ASPARAGUS

Is of the easiest culture and is one of the first good things you may have from your garden. The plants, when once established will last indefinitely and improve with age. The ground should be well drained and well enriched with barnyard manure; give liberal dressing of manure each year.

WASHINGTON—A universal favorite. One of the best, and most popular of all varieties. Is rust resisting, grows very fast and comes up very thick. The heads are crisp, solid and compact.

Price, strong roots, 10 plants ..... **$ .75**
Price per 100 ..... **5.00**

RHUBARB

McDONALD RED—Is far superior to any other kind of rhubarb. It is bright cherry-red in color the full length of the stalk, very large and a huge producer. Is extremely tender and has a fine flavor. The greatest commercial variety ever put on the market. **Price, 75c each**

VISITORS ARE ALWAYS WELCOME AT THE HENRY NURSERIES TO SEE ONE MILLION HARDY PLANTS IN PRODUCTION

ROSES

All our roses are potted in cloverset pots about March 10 and placed in cold frames to insure an early start. The frames cannot be opened until after April 15. All potted rose orders booked for delivery after this date. Loose root rose orders booked up to March 10 for early delivery at 25c off per plant.

Our roses are grown under contract in California where the world's finest roses are produced. We guarantee these to be well grown and as good quality as you can get anywhere at any price. We have field tested roses from all over the United States, Canada, and Holland, and have found none that will compare in quality with those from Northern California.

A few roses in any sunny location in your yard will give you more pleasure and satisfaction than any other plant. Ask for our "How To Plant" booklet.

Quantity discount on patented varieties: three or more of a variety, less 25c per plant. Quantity discount on non-patented varieties: five or more of a variety, less 20%.

HYBRID TEA ROSES

2-year No. 1 Potted **$1.75**

CRIMSON GLORY—Color deep crimson. Glorious in its perfect form, large size and fragrance.

ECLIPSE — Bud remarkably long-pointed, deep gold. Flowers yellow on long, strong stems. Foliage leathery. Vigorous; profuse bloom.

GOLDEN RAPTURE—Long lasting, beautifully formed buds, double blooms, rich clear yellow. Long strong stems. Glossy foliage. Vigorous.

KARL HERBST—Large, well-shaped, very fragrant, dark scarlet, lasting very well. Vigorous free bloomer. This is often called the Red Peace because of its parents, one of whom was Peace.

MIRANDY—First place winner of All-American Rose competition for 1945. Rich dark red. Marvelously fragrant.

PEACE—Adjudged by experts to be one of the greatest new roses of all time. Magnificent large, very double blooms ranging in color from a deep yellow in bud, to creamy yellow with cerise-pink edging as the petals unfold, and finally an alabaster shade on fully open blooms. Very strong grower.

PICTURE — Very double, high centered, slightly fragrant, velvety clear rose-pink. Dark glossy foliage. Vigorous and free blooming.

REX ANDERSON—An outstanding exhibition rose of delicate lovely ivory-white. Perfectly formed, slow opening, one of the few successful whites.

PATENTED HYBRID TEA ROSES

(All Potted)

AMERICANA (Plant Pat. No. 2058)—Rose of the year, 1961. A fragrant glorious and vibrant red. Profuse, unfading flowers over 6 inches in diameter.
Price **$3.75**

BUCCANEER (Patent No. 1119)—Bright buttercup yellow. Long tapering buds and large double flowers. Tall, upright, vigorous.
Price **$2.75**

CHRISTIAN DIOR (Patent No. 1943)—All American award for 1962. Magnificent crimson-red over-laid with iridescent scarlet. Color does not fade or blue. Exquisitely formed large double blooms. Tall upright plant, glossy foliage.
Price **$3.75**

CHRYSLER IMPERIAL (Patent No. 1167)—Vivid crimson-red, an outstanding red rose. The buds are long and tapering. It is an excellent grower and free blooming. Winner of the All-America Award for 1953.
Price **$2.75**

HAWAII (Patent No. 1833)—Completely different color, a warm glowing orange - coral — a color as exotic, as alluring as Hawaii itself. The beautifully shaped blooms are well over 6 inches across. Unusual raspberry scent.
Price **$3.75**

HELEN TRAUBEL (Patent No. 1028)—The color varies with the weather, sometimes a light sparkling pink, more often a luminous apricot. Its unusually large and long buds are magnificent. Very vigorous grower. A.A.R.S. award for 1952.
Price **$3.00**

TANYA (Patent No. 1712)—Glowing, true orange colored blooms. A giant 5½ inch flower with graceful petals and classic high center. Long slender buds have real sparkle. Disease resisting foliage on a 2½ to 3 foot plant.
Price **$3.75**

KING'S RANSOM (Patent No. 2103)—Rich chrome yellow petals ,non fading qualities and its profuse blooms captured the award. Exceptionally tall full plant densely clothed with dark green foliage. Long slender buds and full high centered flowers.

Price **$3.75**

KORDES PERFECTA (Patent No. 1604)—The rose sensation of the year. The intriguing color combination is completely different from any rose in existence. The cream-white is lined with pink, and the flower finally opens to a most pleasing, unusual combination of pink and white with a saffusion of yellow.

Price **$3.25**

MEMORIAM (Pat applied for)—Perfect form, new clear pastel pink color. Very large classic long-pointed buds open slowly to very double exquisitely formed flowers. Medium sized, thick, semi-glossy, deep green foliage. The plant is upright, sturdy, and moderately vigorous.

Price **$3.75**

PINK MASTERPIECE (Prop. Rights Reserved)—Dark pink garden and show variety with high-centered buds opening symmetrically to shimmering, 6-in. flowers. Lush foliage. An exceptional variety.

Price **$3.75**

QUEEN ELIZABETH (Patent No. 1259)—Blends of soft carmine rose and dawn pink. Tall, upright, and exceptionally vigorous.

Price **$2.75**

ROYAL HIGHNESS (Patent No. 2032)—All-American Award for 1963. Perfectly formed buds and classic, high-centered, exhibition type blooms of a magnificent clear light pink. These beautiful flowers are held individually on large strong stems. Well proportioned, middle-height plant with rich, dark, glossy foliage. Exceptionally strong, pleasing fragrance.

Price **$3.75**

SOUTH SEAS (Pat. applied for)—A new shade of pink — Tahitian pink. The largest pink hybrid tea rose ever created. The rose of the year for 1962. Quantity limited. Order early.

Price **$3.75**

SUTTER'S GOLD (Patent No. 885)—Beautiful long-pointed, yellow bud, richly shaded with orange and red. Rich tea fragrance not found in any other yellow roses. A.A.R.S. award for 1950.

Price **$2.50**

TIFFANEY (Patent No. 1304)—A.A.R.S. award for 1955. A beautiful phlox pink producing blooms of outstanding quality. The long pointed buds are deep pink with golden yellow shading at base of petals.

Price **$3.00**

TROPICANA (Patent No. 1969)—All - America Award for 1963. Non-fading, fluorescent orange-red. The plant has a constant flow of flowers all season. Tall vigorous growth and the rich green foliage is very disease-resistant. The double, sweetly fragrant bloom is borne on strong stems and last well when cut.

Price **$3.75**

WHITE SWAN (Patent No. 1115)—Long-pointed, graceful buds of alabaster-white opening slowly to stark white blooms up to 4 inches in diameter. The flowers are produced freely on 2 foot stems, perfect for cutting. Delightfully fragrant.

Price **$2.75**

FLORIBUNDA ROSES

2-year No. 1 Potted **$1.75**

BETTY PRIOR—Produces large fragrant clusters continuously throughout the season. Open lively red turning to shell-pink. Desirable for mass planting.

EUTIN—Large clusters of very double, deep red flowers on a vigorous mildew-resistant bush.

RED GARNETTE—Comparatively new variety of merit producing petite red sweetheart roses. The plant attains a height of only about 18 inches and carries crinkled holly-like foliage.

PATENTED FLORIBUNDA ROSES

(All Potted)

CIRCUS (Patent No. 1382)—Yellow and orange buds. Flowers of changing yellow, pink and red. Compact growth with good foliage.

Price **$2.75**

FASHION (Patent No. 789)—Brilliant luminous coral flowers overlaid with gold, opening into wavy, graceful petals. All season bloom, large clusters and singly. A.A.R.S. award for 1950.

Price **$2.25**

FIRE KING (Patent No. 1758) — All-American Award for 1960. Iridescent vermilion — solidly brilliant. Long lasting fully double flowers of perfect form, open slowly from blood-red pointed buds. Upright vigorous plant with a quantity of dark rich green foliage.

Price **$2.75**

GOLDEN GARNETTE (Patent No. 1898)—Long lasting golden yellow. Low growing, with rugged dark green foliage, they are constantly in bloom. The deep golden yellow buds become 4 to 4½ in. blooms which keep their rich color for a long time. Pleasingly fragrant.

Price **$2.75**

PINK GARNETTE (Patent No. 1120)—Glowing rose-pink, double, flowers borne in clusters on low bushy plant. Dainty flowers are long lasting and ideal for cutting. Decorative foliage.
Price **$2.00**

RED PINOCCHIO (Patent No. 812)—Masses of 3½ inch flowers in unfading clusters. Rich carmine; gradually deepens as blooms open. Wild rose fragrance.
Price **$2.00**

THE FARMER'S WIFE (Test No. 55-1243)—The color is a sunrise-pink, absolutely delightful from bud to finish. Constantly in bloom from June to frost, The Farmer's Wife produces 4 to 4½ in. flowers that open slowly to a cupped shape. Their sweet Tea Rose fragrance permeates the atmosphere, whether in the garden or in the house.
Price **$2.75**

CLIMBING ROSES

2-year No. 1, Potted **$1.75**

BLAZE — Sometimes called the everblooming Paul's Scarlet. Blaze give a plentiful supply of vivid scarlet flowers over a long first blooming period and then continues to flower intermittently all season.

NEW DAWN—Everblooming climbing rose. Apple blossom pink flowers with old rose fragrance.

WHITE DAWN—Best everblooming, hardy, big-flowered white climbing rose. Healthy, strong-growing and pleasing free and continuous in blooms.

PATENTED CLIMBING ROSES

(All Potted)

CORAL SATIN (Pat. No. 2098) — This new Climber is a lovely plant with dark green, glossy foliage and generous masses of pink-coral flowers throughout the whole summer and late fall. The unfading flowers reach 4 in. cross and are presented in clusters of 4 to 5 blooms.
Price **$3.25**

DON JUAN (Patent No. 1864)—A pillar rose bearing a constant display of deep velvety red five-inch flowers with delightful fragrance.
Price **$3.25**

GOLDEN SHOWERS (Patent No. 1557) — The first winter hardy everblooming pillar and climbing rose that actually blooms from early spring through late fall. Daffodil yellow, 25 to 30 petaled flowers. Very fragrant and almost thornless. Highly resistant to mildew and black spot. Winner of 1957 A.A.R.S. Award.
Price **$2.75**
